

## Ground Control Systems® Limited Warranty

Ground Control Systems® warrants its products against failure due to defects in materials and workmanship for 1 Year from the date of invoice.

The warranty does not cover fading or discoloration due to exposure to sunlight, any wear expected from the normal use of the product, including but not limited to movable metal rings, negligence, abuse, vandalism, accidents, severe weather, acts of God, insufficient maintenance, or damage due to improper installation. This warranty does not apply to altered, modified, or repaired products, unless performed by Ground Control Systems® authorized personnel.

Ground Control Systems® liability is limited to repair or replacement at Ground Control Systems® option. Repaired product, replacement product, or partial/full refund will be the remedy for any warranty claim, and standard shipping services will be covered by Ground Control Systems®. Any extra costs incurred to deliver the product, such as special requested delivery services, lift gate services, duties, or other associated costs can be waived at Ground Control Systems® sole discretion.

Warranty only applies to the initial installation. Proof of sale from Ground Control Systems® or an authorized dealer is required; Ground Control Systems® will attempt to verify your purchase, but the burden of proof is ultimately on the claimant. This warranty does not cover damages to any property other than Ground Control Systems® products.

This warranty does not cover any consequential or incidental damages as a result of a breach of warranty, including but not limited to damage to installation surface, loss of profits, or any other costs, damages, or injury that might be incurred. Ground Control Systems® is not responsible for costs or damages incurred during the installation or removal of defective product or replacement product. If required for a warranty claim, the defective product must be returned to Ground Control Systems®, or disposed of properly, at claimant's expense. The foregoing warranty is exclusive, and is given and accepted in lieu of any and all other warranties, expressed or implied, including without limitation, the implied warranties of merchantability and fitness. The remedies of claimant for any breach of warranty shall be limited to those provided herein. No agreement varying or extending the foregoing warranty will be binding upon Ground Control Systems®. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
